Education

BBD Institute of Technology & Management — Lucknow, India
B.Tech in Computer Science (Artificial Intelligence & Machine Learning) — *2025 – Present (2nd Year)*

UP Board (Class XII / Intermediate) — Bahraich, India
Senior Secondary Examination (Science stream) – Score: 80% — *Passed: 2025*

UP Board (Class X / High School) — Bahraich, India
Secondary School Examination – Score: 90% — *Passed: 2023*

Technical Skills

Languages: JavaScript (ES6+), TypeScript, Python, C, SQL
Web & Frameworks: Next.js (App Router), React 19, Node.js, Express.js, HTML5, CSS3
Databases & Storage: PostgreSQL, MongoDB, Redis, Prisma 7 ORM, Supabase
Developer Tools & APIs: Git, GitHub, Vercel, Render, Postman, Meta Graph API v25.0, NextAuth.js
Core Focus: Full-Stack Development, Applied AI, Web Vulnerability Analysis, E-Commerce Systems

Featured Projects

Insta DM Automation (FastReply) | *Next.js 16, React 19, TypeScript, PostgreSQL, Prisma, Meta API* — 2026

- Architected comment-to-DM automation SaaS using Meta Graph API v25.0 and real-time webhooks for Instagram.
- Implemented multi-account workspace management, live inbox, and Meta OAuth 2.0 via NextAuth.js v5 (Auth.js).
- Engineered direct real-time webhook dispatch delivering Instagram messages instantly with sub-second latency, backed by PostgreSQL via Prisma 7.

College ERP System | *JavaScript, Node.js, Express, MongoDB, HTML5, CSS3, RBAC* — 2025

- Built a centralized campus management system automating student records, academic tracking, and administrative workflows.
- Implemented 3-level role-based access control (Admin, Faculty, Student) with secure session handling and input validation.
- Designed indexed MongoDB schemas for high-throughput queries, accelerating departmental record retrieval times.

Smart Attendance System | *JavaScript, Node.js, Express, MongoDB, REST APIs* — 2025

- Engineered a digital attendance capture solution eliminating proxy logging and cutting lecture roll-call time by 60%.
- Built automated deficit-tracking scripts calculating minimum attendance thresholds and triggering real-time shortfall alerts.

Experience

Freelance Full-Stack Developer — 2024 – Present
Self-Employed / Client Projects — *Remote*

- Developed and launched 10+ custom web applications and fast-turnaround e-commerce stores for commercial clients, integrating dynamic product listings, category filters, and live search.
- Integrated automated checkout funnels, payment gateways (Razorpay/Cashfree), and WhatsApp/DM order triggers, decreasing checkout drop-off by 35%.
- Delivered responsive Next.js/React web solutions achieving 95+ Google Lighthouse performance; managed deployment on Vercel/Render with zero-downtime CI/CD.

Achievements & Leadership

Smart India Hackathon (SIH) 2026: Shortlisted at institute level to represent BBDITM in national hackathon.
HackFest 2026 (GDG × Craftora × OSEN): Volunteered in organizing hackathon operations and developer onboarding.
